Being such a high profile event, Sports Personality of the Year 2012 required a top quality finish, and Bay Plastics were happy to be a part of it.

On Sunday 16<sup>th</sup> December 2012 the whole country tuned in to watch the Sports Personality of the Year 2012 awards.

Working alongside Stage One, we helped to create the fantastic stage. 18 panels of 15mm Clear Cast Perspex<sup>®</sup> sheet in total made up the main stage floor.

Each of the Perspex<sup>®</sup> panels were cut using one of our 5 in-house CNC machines, ensuring exact precision and high quality finish. All edges were then diamond polished and profiled to give the finishing touch.

To the front of the main stage and mirroring the huge arches above, were two sweeping, illuminated ramps for the nominee's entrance. Bay Plastics also supplied these in 15mm Clear Cast Perspex<sup>®</sup> panel's finished with diamond polished edges. This was then installed by Stage One in four sections and was lit from underneath with MI Strip, providing a suitably striking walk onto the stage for the sporting high-achievers of 2012.

Additionally we were asked to modify the presentation lectern located in the centre of the main stage by adding a Perspex<sup>®</sup> shelf.

As Perspex<sup>®</sup> approved fabricators, and experts in the design and fabrication of Perspex<sup>®</sup> sheet, Bay Plastics use the latest equipment

and highly skilled plastic fabricators to ensure that every project is completed to the highest level quality.
