Single Page

A simple and extremely cost effective way to display your literature.

Both single and double sided options are offered to suit 1/3rd A4, A5 & A6 leaflets, menus or pricing information. Simply slot your literature between the clear PVC cover that allows total protection and simplicity to change. Alternatively, the base only can be supplied for use with oversized or die-cut cards.

Wall System

Probably the most ingenious and cost effective method to display all literature – even the most unusual paper sizes! Fully adjustable in width with versions for attaching directly to slat-wall or for use with our own aluminium wall strip (AL95). Alternatively, opt for the readymade kit system that is both easy to install and with stunning effect.

Wall System

3 pocket adjustable width holder

Carton quantity: 60
Opening dimensions: 32mm
Pockets: Crystal clear polystyrene

3PSW

3 pocket adjustable width holder slat-wall fitting

3PAS

3 pocket adjustable width holder AL95 fitting

Unique Adjustable Wall Mounting System

A superb, innovative product allowing for infinite flexibility in displaying your literature.

A product which can be set up to hold any size material, this system has the bonus that single pieces can be added on as required, with each additional module creating an extra 3 pocket display at less than half the cost of a standard brochure holder. This unique system has been developed for use in all types of locations, especially where wall space is limited.

Two versions have been developed –

3PAS – for use with our unique clip-on aluminium strip, AL95, incorporating a ticket strip facility. This system can be changed to accommodate any size material – standard or not – at any time. Cut aluminium strip to the required length and screw to the wall or display board through the holes provided. The inclusion of a ticket strip enables you to highlight important information or special prices.

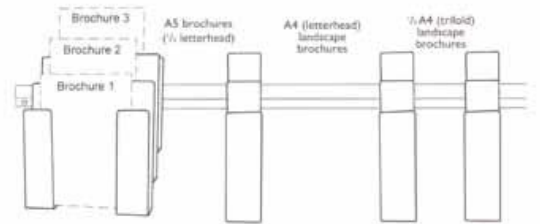

3PSW – for use with slat –wall displays; modules clip into standard slat and slides to the required position. Each additional module provides 3 more pockets.

Example – Just 5 modules on the 95cm (37”) strip provides a 12 pocket display of A4 (letterhead) size literature.

9 modules allows for a 24 pocket display of 1/3rd A4/DL (trifold) literature.

7 modules for an 18 pocket display of A4 (1/2 letterhead) literature.

Or mix and match to display your literature to maximum advantage.

Wall Mounted

WS16-D8

A4 wall-mounting kit providing 16 x A4 or 8 x A4 + 16 x 1/3rd A4 pockets
