

PE500 Pressed & Planed Confetti Sheet Safety Sheet

1. Substance/Preparation

Product Name: PE500 Confetti

2. Physical & Chemical Characteristics

Form: Solid
Colour: Black
Smell: Odourless
Density: 0.95 g/cm³
Melting Range: 100°C – 140°C
Thermal Decomposition: ≥ 300°C
Auto Ignition Temp: ≥ 300°C

3. Handling & Storage

Handling: The product can be machined with usual machines and tools. Prior to machining make sure the product is at room temperature.

Storage: Horizontal, dry, protected against weather influences.

4. Transport Information

Hazardous Goods Regulation: This product is considered as non-hazardous.

Loads Securing on Roads: DIN EN 12195-1 has to be considered and fulfilled.

Labelling Obligation: The product is not subject to labelling according to current EC regulations or other known sources of literature.

5. First Aid Measures

General Information: No special measures required.

Inhalation: Provide fresh air, seek medical attention if symptoms develop or persist.

Skin Contact: Wash affected area with soap and water.

Eye Contact: Flush eyes with water for several minutes, while holding the eyelid open. Seek medical attention if symptoms develop or persist.

Swallowing: Seek medical attention if symptoms develop or persist.

6. Fire Fighting Measures

Suitable Extinguishing Agents: Water, foam, dry powder, carbon dioxide.

Possible Combustion Products: Carbon monoxide and carbon dioxide can be released during combustion.

Necessary Protective Equipment: Complete protective equipment for fire fighters, use self-contained breathing apparatus.

Bay Plastics Safety Sheet

7. Information on Disposal

Recommendation: Consider recycling.

Contaminated Material: Disposal according to the applicable regulations.

8. Hazards

Particular hazard for human and environment: None.

9. Information on REACH

According to the regulation (EC) no 1907/2006, safety datasheets must be provided for hazardous substances and preparations. According to regulation (EC) no 1907/2006, our product are considered as articles for which no safety data sheet is requested.
